*Savitribai Phule Pune University, Pune*
Aug 2017 – Jul 2022

## 📂 PROJECTS

### HOST BEHAVIOUR ANALYSIS ⊠

- Analyzed the raw data of a property rental company for 5 different countries. Goal was to find crucial metrics differentiating super-hosts from hosts.
- Performed EDA with Pandas, data extraction using MS SQL Server, creating interactive dashboard in MS Excel.
- Metrics considered for analysis: response rate, acceptance rate, response time.
- **Tech Stack:** Python, Pandas, SQL, Excel

### SWIGGY - DATA ANALYSIS ⊠

- This project involved data scraping from the food delivery site Swiggy, extracting some valuable business insights and making a ML model and recommendation website.
- Used Linear regression, Random Forest Regression, Random Forest Classification, etc. as the evaluation parameters.
- Built a recommendation web app using ML model based on cuisine, price, and location.
- **Tech Stack:** Python, BeautifulSoup, Streamlit, Excel

### ADVENTURE WORKS - SALES DASHBOARD ⊠

- Transformed raw data with Power Query Editor for KPI tracking
- Utilized DAX, calculated columns, and measures for dynamic data analysis
- Created professional dashboards with interactive features such as bookmarks, slicer panels, and report navigation & included essential charts to showcase regional performance, product trends, and high-value customers.
- **Tech Stack:** Power BI, Power Query Editor, DAX, Measures

## 💼 PROFESSIONAL EXPERIENCE

**Purchase Engineer**
*Kudale Instruments Pvt. Ltd., Pune*
Jan 2022 – Sep 2022
Purchased critical materials for instrument manufacturing company, ensuring timely delivery and reducing costs by negotiating with suppliers.
